ActiveDisclosure℠

Understanding the ESEF Mandate

The **European Securities and Markets Authority (ESMA)** requires all issuers on EU-regulated markets to prepare their annual financial reports in the **European Single Electronic Format (ESEF).** At the same time, the **Financial Conduct Authority (FCA)** requires all issuers on UK-regulated markets to prepare their annual financial reports in a structured digital format.

Key Requirements*	ESEF	UKSEF
XHTML formatting	✓	✓
iXBRL tagging of primary financial statements and footnotes	✓	✓
Alignment with the ESEF IFRS taxonomy	✓	✓
ESG disclosures	Future-proof: ESRS and CSRD aligned	Future-proof: ISSB and UK SRS aligned

DFIN
ActiveDisclosure

Why ActiveDisclosure?

ActiveDisclosure is DFIN's purpose-built solution for ESEF and UKSEF compliance. It combines automation, intelligent data linking, and expert support in a secure, collaborative environment.

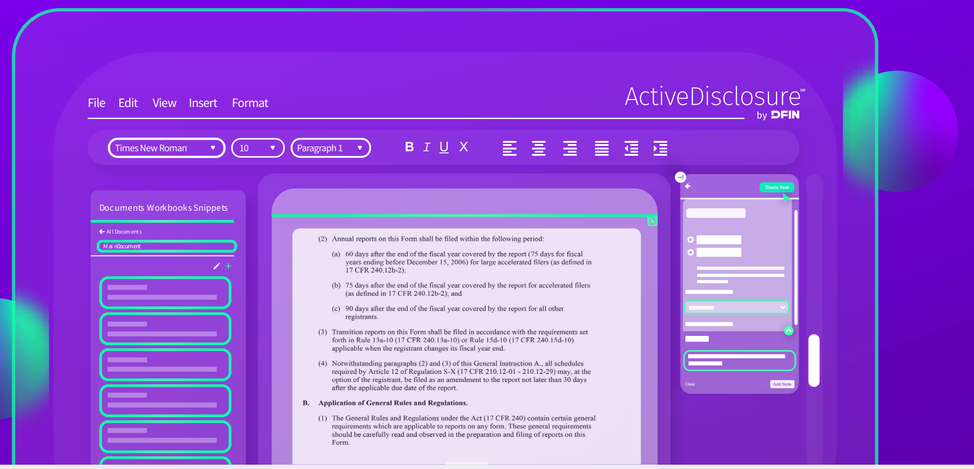

With ActiveDisclosure, you can:

- ✓ Convert your annual report to XHTML/iXBRL
- ✓ Apply accurate tagging aligned with the latest ESEF taxonomy
- ✓ Review and validate filings with ease
- ✓ Submit regulator-ready files with confidence

No software installation. No steep learning curve. Just results.

Key Benefits

- **Collaborative tools** for finance, legal, compliance, and sustainability teams
- **Built-in iXBRL tagging**—no disruption to your existing reporting process
- **Accurate XHTML/iXBRL conversion** directly within the platform, ensuring submission readiness
- **Built-in validations** to ensure ESMA and FCA compliance
- **Expert onboarding, training, and advisory support** included
- **A single, auditable platform**—purpose-built for all your annual reporting and regulatory filing needs

With ActiveDisclosure, you gain access to not just the platform but also our expert support and transparent pricing for your ESEF annual reporting:

Access to the ActiveDisclosure platform with ongoing updates

24/7/365 support from regulatory and XBRL specialists

Transparent pricing—no hidden fees with onboarding covered
